

STAT Technologies. is now offering a series of special LDX programs for our customers...

Each program is designed to provide additional testing equipment according to your needs without requiring the use of your capital budget.

For screening events that require additional equipment, STAT Technologies will provide the Cholestech LDX Analyzers for a 15 to 90-day period at no charge with your qualifying cassette purchase. In addition, we offer a free 1-year Reagent Rental program designed for customers who need LDX's for an extended period of time. Also, in conjunction with Alere, we offer a no charge LDX System Placement Program for a minimum of 2 years with annual renewals available.
